### Program Description

At Eduwizards all tutoring is online and one-to-one, and takes place from the comfort of the student's home. We provide free computers to students who do not have one and pay the internet bill. Tutoring takes place using a virtual classroom, which includes whiteboard, text chat, and voice communication; this creates a real time one-to-one environment. Most of the tutors are state certified, with a Master's degree or higher. The program consists of online tutoring and assessments that focus on specific state benchmarks. Our open review system helps us identify the best online tutors.
